

## Submission

This link contains all the code and documentation for Term Paper 3:

<https://vortriz.github.io/IDC621/termpaper3/index.html>

The code is written in a Pluto notebook using Julia.

**Note:** The page is very large, so it may take a while to load. Also, it crashes on my Firefox for some reason, so if the same happens to you, please open it in some Chromium browser (Chrome/Edge/Brave...)
